Summary Of The Battles…

P1 The Amorite kings of Jerusalem, Hebron, Jarmuth, Lachish, and Eglon took exception to the Gibeonites making peace with Joshua and attacked them.

P2 In accordance with the treaty, Joshua assisted. Joshua uses what is called covert strategy - a night march and surprise attack on the Amorite camp.

P3 The immediate victory at Gibeon was followed by an extended pursuit of the attackers to the Valley of Ajalon.

P4 Many of the enemy were killed at this time in which Joshua stopped the sun long enough to finish the battle.

P5 The five kings were discovered in hiding and executed. The defeat of these rulers and their armies then allowed further progress.

P6 What comes next is what is known as Joshua's Southern Conquest. Joshua moved in a logical manner to tackle a number of southern cities.

P7 Two towns close to his army - Makkedah, and Libnah - were taken first, and then the three southernmost cities of the original alliance - Lachish, Eglon, and Hebron.

P8 From Hebron, Debir was captured, and the last verses of chapter 10 outline a sweep to the south to capture the Negev region and Kadesh-barnea.

P9 However, this part of the campaign is not described in detail at all. There are no records here of any cities being burned.

P10 The list in chapter 12 of defeated kings includes all stages of Joshua's campaigning as well as the Pre-Jordan Amorite kings of Sihon and Og who were giants.
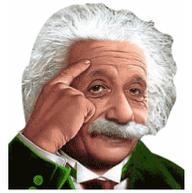

P11 Here is a verse about Og before he was killed.

P12 Deu 3:11 For only Og king of Bashan remained of the remnant of giants; behold, his bedstead was a bedstead of iron; is it not in Rabbath of the children of Ammon? nine cubits was the length thereof, and four cubits the breadth of it, after the cubit of a man.

P13 His bed was about 20 feet long and 9 feet wide!!!

P14   At the end of the campaign, Joshua returned with the army to Gilgal, his base of operations.
